Measures	Percent Valid	Numerator	Denominator	Comments	Special Instructions	Performance Indicator
Encounters with Valid Secondary Diagnosis					Numerator=Distinct count with valid Secondary DX	Ensure secondary codes are valid
					Denominator=Total Count of all Encounters	
Encounters with a Valid Race Code					Numerator=Distinct count where race code is not null and not equal to "Unknown"	Review for consistency and identify outliers
					Denominator=Total Count of all Encounters	
Encounters with Valid Ethnicity Code					Numerator= Distinct count where ethnicity is not null and not equal to "Unknown"	Review for consistency and identify outliers
					Denominator = Total count of all encounters	
Encounters with Groupable MS DRG					Numerator=Distinct Count of where the DRG is equal to	Review for consistency and identify outliers
					Denominator= Distinct Count of all Encounters	
					If you only have the number that couldn't be grouped/put that number in	
Encounters with Medicare as Payer					Distinct count of all encounters where payer	Review for consistency and identify outliers

FFS as Payer					Distinct count where payer code equals Medicare FFS (can include Medicare Advanatage FFS if you cannot separate from	
HMO/MCO as Payer					Distinct count where payer code equals Medicare HMO/MCO (can include Medicare Advanatage HMO/MCO if you cannot separate from Traditional	
Medicare Advantage FFS as Payer					If available:	
					Distinct count where payer code is Medicare Advantage	Review for consistency and identify outliers
Medicare Advantage HMO/MCO as Payer					Distinct Count where payer code is Medicare Advantage HMO/MCO	
Encounters with Medicare and Medicaid Dual Eligible as Payer					Distinct count of encounters where payer code equals Medicare and Medicaid Dual Eligible	Review for consistency and identify outliers
Encounters with Medicaid as Payer					Distinct count of encounters where payer code is	Review for consistency and identify outliers
FFS as Payer					Distinct count of encounters where payer code is Medicaid FFS	
MCO as Payer					Distinct count of encounters where payer code is Medicaid HMO/MCO	
Encounters with Payer Code as Commercial Pay					Distinct count of encounters where payer code is commercial pay	Review for consistency and identify outliers
Self-Pay and Charity Care					Distinct count of encounters where payer code is Self Pay	Review for consistency and identify outliers

Encounters with "Other" as Payer						Disitnct count where payer code is "other"	Review for consistency and identify outliers
Denominator of all discharges --in Col. C						Number of all Discharges for	

Thank you!
