# RELEVANT PROJECT EXPERIENCE

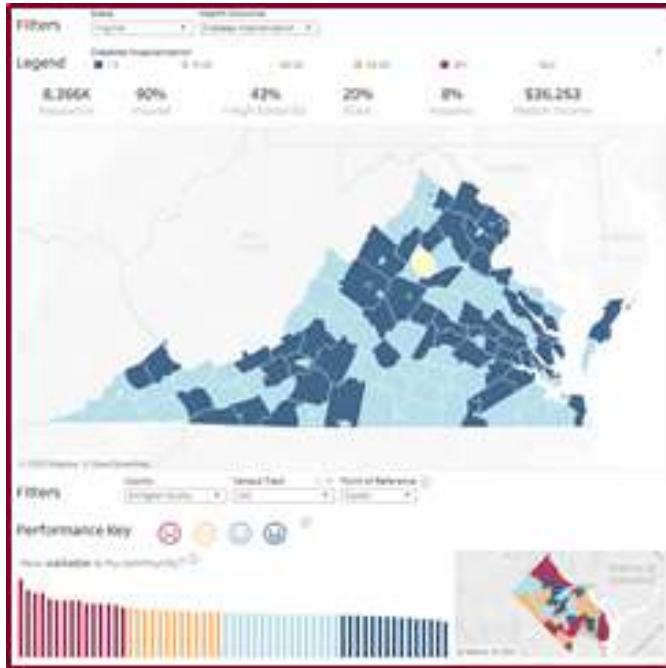

# AHRQ SYNTHETIC HEALTH CARE DATABASE

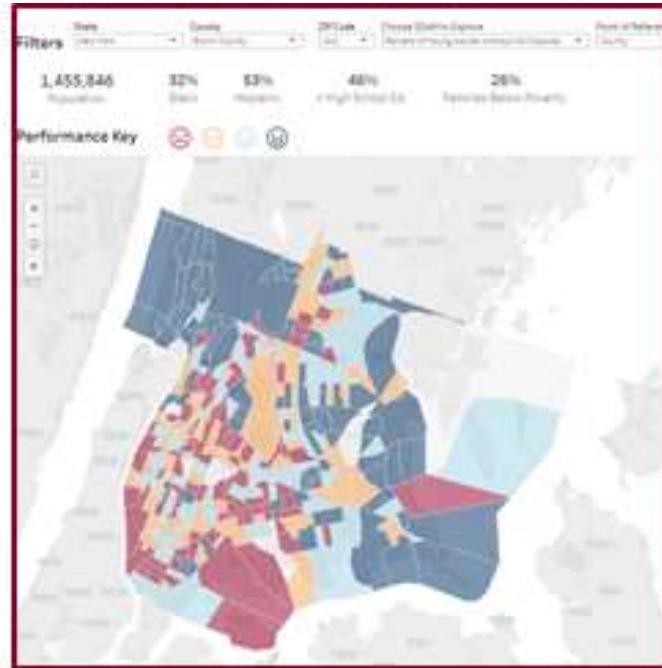

- IMPAQ is supporting AHRQ by creating a synthetic health care database (SyH-DR)
  - Enable researchers to identify inefficiencies, opportunities for improvement in healthcare system
  - Database populated by claims from government and commercial insurers
- IMPAQ conducted environmental scan to identify APCD use cases applicable to SyH-DR
- Similar methodology can be applied to review COVID-19 resources such as:
  - Allen Institute for AI COVID-19 Open Research Dataset
  - WHO database of publications on coronavirus disease

# SDoH DASHBOARD ACTION TOOL

IMPAQ's [Social Determinants of Health \(SDoH\) Dashboard Action Tool](#) offers three unique dashboard views for users to explore SDoH and health outcomes within communities of their choice.

The **Health Outcome Dashboard** allows a user to explore a selected health outcome such as diabetes and learn about how evidence-based SDoH contribute to the health outcomes in a community.

The **SDoH Drilldown Dashboard** allows a user to explore an SDoH and how it affects communities within a county differently.

The **Community Comparison Dashboard** allows a user to explore how two communities compare on SDoH measures such as walkability or teenage birth rate.

# NUTRITION

Exhibit 5. CalFresh, Market Match, Distributions, and Unique Patrons for the April–August Period, 2011–2019

Data source: PCFMA Administrative Data

- **Santa Clara County Public Health Department (SCCPHD)** implemented farmers' market campaign to increase purchase of fruits, veggies by CalFresh (CA SNAP program) beneficiaries
- IMPAQ helped SCCPHD w/ formative research to inform promotional campaign, evaluate outcomes
- Findings of evaluation demonstrated improved awareness of CalFresh use at markets, increased electronic benefits use at the markets

# HEALTHCARE WORKFORCE PROJECTS

- IMPAQ has experts in workforce, healthcare, stakeholder engagement, and instructional design
- Supporting **American Hospital Association (AHA) Changing Workforce Taskforce** and **Hospital and Healthsystem Association of Pennsylvania (HAP)**
  - Assist hospitals to address gaps in clinical and non-clinical workforce

IMPAQ/Maher team provides facilitation, research, expertise in:

- Reimbursement models and implications for care provision and workforce
- Assessing supply/demand of healthcare workers
- Workforce recruitment and retention models, including workforce diversity
- Licensure and scope of practice
- Educational capacity
- Technology's implications for workforce and future of work
- Leadership development, strategic planning, change management

# EXAMPLE USE CASES FOR HDO'S DEALING WITH COVID-19

- Timely research database
- Environmental scan of APCD potential uses
- Briefing materials for policymakers
- Identification of clusters of illness and high-risk people (for priority of people to test for infection)
- Policy analysis for workforce impacts
- Effects of pandemic on SDoH
- End-user testing of new dashboards, websites, written materials or other resources
- Analysis of impacts on Medicaid
- Implications of telehealth on health delivery and reimbursement
